

## WORK EXPERIENCE

---

### University of Washington

**Web Designer (Temporary)** | August 2020–Present

- Develop user-friendly, responsive design concepts, wireframes, and high-fidelity mockups for the Department of Environmental & Occupational Health Sciences
- Collaborate with the department web developer to implement design concepts within Drupal
- Design graphic presentations, print materials, artwork, and illustrations using Adobe Creative Cloud and provide in-house creative expertise
- Propose recommendations for site improvements and advocate best practices

### Brokaw

**Programmer & Designer** | May 2018–August 2020

- Provided exceptional user experience design, digital design, and front-end programming for clients
- Collaborated creatively with agency teams (interactive, art direction, motion, account services, brand strategy) to solve tough design problems with fresh thinking
- Coded clean and semantic HTML5, CSS/SCSS, PHP and jQuery for websites, emails, and banner ads
- Established documentation for Brokaw's SCSS architecture and optimized the codebase to include best practices, guidelines, and emerging techniques
- Presented annotated wireframes and interactive prototypes for projects to communicate design decisions, collect stakeholder feedback, and iterate ideas
- Introduced project management workflows and used them consistently to ensure timelines, budgets, and areas of completion were on track for larger website projects

### Koroseal Interior Products

**Graphic Design Intern** | May 2016–January 2018

- Designed large-scale digitally printed murals for clients from start to completion
- Prepared production-ready artwork for large-format printing
- Communicated with designers, managers, and project coordinators to meet digital department goals
- Actively contributed to a positive work environment within the graphic design team

### Design x Nine

**Graphic Designer** | August 2017–May 2018

- Selected as one of nine students in the award-winning in-house design studio at the Myers School of Art
- Created logos, branding, print, and motion design under real client deadlines
- Met with clients to present ideas
- Collaborated creatively in the teamwork environment
- Ensured projects were well-executed from concept to completion, under guidance from the creative director

### The University of Akron, Myers School of Art

**Student-Lead Web Content & Social Media Manager** | August 2016–April 2018

- Managed the Myers School of Art's online presence through close collaboration with faculty
- Maintained and developed content for the website and accompanying social accounts
- Designed event materials and assets for digital and print use
- Worked remotely and on-call daily to create and update pages within the CMS, delivering an improved online experience for visitors
